Tutti i pezzi suscettibili di essere richiesti come parti di ricambio sono individuabili dal numero d' ordinazione, dalla denominazione e dalla quantità presente in ogni gruppo,nelle tavole di testo che accompagnano le illustrazioni.

Considerato che le varianti volta a volta introdotte nella fabbricazione portano a cambiare tali numeri,denominazioni e quantità nel tempo, è necessario che i MAGAZZINI PARTI DI RICAMBIO seguano attentamente le varianti comunicate mediante i Bollettini d'Aggiornamento.

Istruzioni per l'ordinazione delle parti di ricambio

1. Tutti i pezzi indicati nel presente Catalogo e muniti di numeri di ordinazione ALFA ROMEO sono disponibili presso i Magazzini della nostra Azienda Ricambi.

   I pezzi non di fabbricazione ALFA ROMEO,individuati unicamente dal numero d'ordinazione del costruttore devono preferibilmente essere richiesti direttamente a questi.

2. Tutte le ordinazioni devono essere effettuate indicando oltre al numero del pezzo rilevato nel Catalogo anche il numero di telaio e di motore del veicolo sul quale dovranno essere impiegati i pezzi richiesti. E' opportuno che le ordinazioni siano completate dalla esatta denominazione del pezzo quale riportata nelle tavole di testo.

F O R E W O R D

A V A N T - P R O P O S

Toutes les pièces susceptibles d'être demandées en rechange s'identifient en consultant les planches qui accompagnent les illustrations et qui donnent leur numéro de commande, leur désignation et la quantité entrant dans chaque ensemble.

Les modifications qui, de fois en fois, surviennent en fabrication entrainent la variation de ces numéros, désignation et quantité, aussi est-il nécessaire de la part de tous les Magasins de pièces de Rechange de suivre très attentivement les mises à jour diffusées par notre Direction Après-Vente au fur et à mesure de ces variations.

Instructions pour la commande des pièces de rechange.

1. Toutes les pièces énoncées dans le présent Catalogue et affectées de numéros de commande ALFA ROMEO sont en vente auprès des Magasins de notre Service Central de pièces de Rechange.
